

## *Lions Clubs International — District 4-L1*

**IPDG Yasin “Lucky” Lakhani**

**Chairman (2008-09)**

### **Sight Conservation and Activities for the Blind**

Dear Members,

Sight Conservation and Activities for the Blind includes but is not limited to the following activities pertaining to our District 4-L1.

1. Collection of Eye Glasses.
2. Use of Eye Mobile for Vision Screening.
3. Eye Camps or Clinics
4. Providing new Eye Glasses
5. Referring patients to SCLEI, Eye Clinic at MEND and Optometric Center of Los Angeles under L.O.V.E. Program i.e. Lions Low Vision Service Program.

Some of the activities for the blind people are:

1. Fishing
2. Recreation Camps
3. Observing Lions White Cane Day and World Sight Day.
4. Lions Project for Canine Companion for Independence.
5. Supporting the Organization to do with guiding dogs (Guide Dog of the Desert). Etc.etc...

For most of the activities mentioned above, there are various committees headed by respective chairpersons and there is also a committee for Sight Conservation and Activities for the Blind and other members with me are:

1. Lion Eduardo Oviedo ----- Latin American Lions Club
2. Lion Dr. John Nelson ----- Burbank Noon Lions Club
3. Lion Dr. Peter Schellenbach ----- Sunland Tujunga Lions Club
4. Lion Bette Rae Carro ----- Pine Creek Lions Club

I would also request all the 4 Region Chairpersons to be ex - officio members of this committee.

I believe that one of the purposes of this committee is to highlight the Sight Conservation Projects and the Activities for the Blind.

My request to all the Committee Chairs for the committees pertaining to the above activities is to send me the copy of their reports, so that I can include the same when I present my report. I have to request the club President and Secretary to report any of the activities pertaining to Sight Conservation and Activities for the Blind to their Region Chair and also to me. They should also send the copy of the report to Committee Chairpersons if there is any Committee.

If I could be of any help doing any project pertaining to Eyes, do not hesitate to contact me. There is no prescribe form for reporting but do let me know in short how your clubs are actively participating in these projects.

Let us all work together as we are all Heroes of our Community and also go a step forward by being Miracle Workers and do “Miracles through Services”.
